Abatement dispute leads to resignation of Upton assessor

By ALISON ALOISIO

Upton assessor agent Richard LeComte resigned Friday, following a tax abatement dispute with Oxford County commissioners and town selectman Clayton Thompson.

LeComte also resigned as town bookkeeper.

"I really don't feel I should work for someone who's going to stab me in the back," he said later.

The focus of the dispute is a house owned by Edward Bremton valued by LeComte at \$76,588.

The commissioners' office last week notified Bremton that the assessment would be reduced to \$76,000. They also directed selectmen to correct erroneous information recorded on two other Bremton lots.

Bremton, who resides in Nashua, N.H., said the commissioners' action followed years of attempts on

'There's more to this than a \$20,000 assessment.'

RICHARD LECOMTE
Former assessing agent

his part to get LeComte to reduce the assessments.

The house, located on Route 26, has been uninhabited since 1989.

LeComte would say little about the case. He is a former selectman and has been assessing agent for about 20 years, according to selectmen chair Clayton Thompson.

Last March Thompson, a friend of Bremton, was elected selectman. In

April, he encouraged Bremton to apply for an abatement, which he did.

Conflict of interest?

In May Bremton received a letter from LeComte saying he would take no action regarding the abatement request because Bremton had used property owned by LeComte as an assessment comparison in the application. The letter said it would therefore be a conflict of interest for LeComte to act on the issue.

When the request came back to them, Thompson said he and the other selectmen also didn't act because they were hesitant to interfere with 15 to 20-year-old assessment values.

So the appeal then went to the commissioners, who held a hearing.

Bethel tax rate steady

Despite an overall tax increase of nearly \$275,000, Bethel property-tax rate for fiscal year 1996 will remain at the current rate of \$14.75 per thousand dollars of assessed valuation.

The \$14.75 figure was set last week by the town assessors. It marks the fifth year in a row that the local tax rate has held steady.

The level tax rate was made possible largely by \$7 million in valuation added to the tax rolls over the past year.

The two largest pieces of that increase came from the expansion of the P.H. Chadbourne Company mill (\$3,383,68 in additional taxes) and from Bethel Station construction (\$9,500).

Also swelling the tax rolls were 26 new commercial personal-property tax bills.

Tax bills will be mailed out Monday, according to tax collector Merton Brown.

Enjoy it while we can

Can winter be far behind? Fall Festival Weekend, the area's annual autumn highlight, has rolled around once again.

The festival, set for this weekend at Sunday River Ski Resort, features a wide variety of excuses for getting outside and enjoying the great outdoors -- including walking, running, biking or riding (on a chairlift) up the mountain.

The seventh annual Mahoosuc Arts Council Hike/Bike/Run will take place Saturday, with the starting gun going off at 10 a.m. Registration and race-pack pick-up will be from 8:30 to 9:30 at South Ridge.

The event consists of a three-mile running/hiking trek up the mountain, and a ten-mile cross-country mountain biking race.

Both activities are suitable for participants of just about any level of ability. For more details call the Mahoosuc Arts Council at 824-3575.

On Saturday and Sunday the 12th Annual Blue Mountains Arts and Crafts Festival will be held at South Ridge. The festival features the work of more than 60 Maine crafters and is open 9 a.m. to 5 p.m. both days.

Also on Saturday and Sunday, everyone is invited to the annual Maine Handicapped Skiing open house.

The open house is an excellent opportunity to learn more about MHS's adaptive ski programs for children and adults with a physical disability.

Adaptive downhill and cross-country ski equipment will be exhibited. Individuals interested in getting involved in the 1995-96 season as students, volunteers or Ski-A-Thon participants can speak with MHS staff members, watch videos and get hands-on experience with the latest adaptive ski equipment.

The open house will run from 10 a.m. to 3 p.m. at the MHS Ski Center (only a short walk from South Ridge). For more information, call 824-2440 or 1-800-649-7770.

The weekend is also the last chance for Sunday River skiers to purchase discounted season passes. The deadline for discounted passes is Columbus Day, Oct. 9.

For mountain bikers, Columbus Day will be the final day of operation for Sunday River's Mountain Bike Park.

And for those who simply wish to enjoy the fall foliage, scenic chairlift rides will be available. Two lifts will run from 9 a.m. to 3 p.m. each day. The lifts will take you up the mountain, but you'll have to amble down the trails under your own power.

In addition, guided tours of the new Oz skiing area, the resort's eighth mountain peak, will be offered each day at 10 a.m. and 2 p.m.

The resort will also offer tours of the Summit Hotel and new Locke Mountain Townhomes. In addition, the Crisports Ski Shop will host its annual grand reopening and tent sale. The new Foggy Goggle will open to guests, and an outdoor barbecue (with entertainment) will round out dining options.

For information about the weekend's events, call 824-3000.

My property tax bill should be lower, because ...

By ALISON ALOISIO

While the Upton case shows how serious tax issues can get, there is a lighter side to the taxing season.

That's the creativity some property owners display in arguing for tax abatements. Just ask selectmen in Greenwood about the abatement request letter they received recently.

The taxpayer, a seasonal resident, asked that his assessment be lowered because his home was "on a downgrade from the road and intersection with car lights beaming through the window." In addition, he noted, the house is on a dirt road "with dust and speeding cars."

And selectmen chair Marie Bartlett has seen even better.

"One year someone argued that the town had incorrectly figured the square footage in their house. They said it couldn't be figured right because each room really only has three walls, since one wall in each room belongs to the adjacent

room," she said. "And one wall of the house really belonged to the garage, one wall of the garage really belonged to the shed, and so forth."

She and fellow-selectmen Harry Swan and Carl Curtis never did make any sense out of the circular (or in this case, square) argument.

The most original request Newry administrative assistant Sylvia Gray has heard came from a Massachusetts lawyer who wanted a break on his Sunday River condo.

"He wanted to know if he could apply for a poverty abatement," she said.

Merton Brown, town clerk and deputy tax collector in Bethel, said taxpayers there have always come up with solid reasons for their tax abatement requests.

But he does remember one couple

WATCH OUT FOR SCAMS BEHIND THE SMILES

Bethel police are seeking an Old Orchard Beach man for questioning in connection with a scam in the Bethel area. Andrew L. Averill (left) has been reported missing by his family since Sept. 3. He is 5 feet, 8 inches tall, 120 pounds, with hazel eyes and brown hair. Police chief Dale Bellman cautioned all homeowners to be extremely careful about allowing people into their homes, and to watch for scams of any kind. Anyone with information on Averill should call Bethel Police at 824-3437.

Park-Mason Alumni House dedicated

By SCOTT JEROME

With the blessing of Gov. Angus S. King, Gould Academy officially dedicated the Park-Mason Alumni House on Saturday in conjunction with Gould Academy's Alumni Weekend.

A gift of the late Muriel Park Mason '17, the two-story colonial on Church Street now houses the alumni relations, development, and business offices.

Before dozens of alumni of the academy, state Rep. Alvin L. Baril '54 read Gov. King's proclamation which honors Mrs. Mason and her generosity to Gould and declares Sept. 30 through Oct. 6 as Gould Academy Week in Maine.

Margaret Joy Tibbetts '37, former ambassador to Norway, spoke of Mrs. Mason's commitment to Gould's high educational standards

and Mrs. Mason's desire to have her home become an integral part of the Gould campus.

Mrs. Tibbetts called the building's renovation "a fitting tribute to the Park-Mason family."

"It is because of Muriel Park Mason that we at Gould can approach the next century with confidence," said Headmaster William P. Clough III.

Clough noted the hard work put into the building's renovation by local carpenters, painters, masons and others and thanked them for their long hours and meticulous care.

At Saturday's Alumni Association Awards Ceremony, mathematics instructor John Wight was honored as Gould's Faculty Member of the Year.

The award was presented by a former student and advisee of Wight's, Jay Davis '86. Davis, who is now earning his master's degree in education, attributes much of his

success at Gould Academy, and later Dartmouth College, to Wight.

"He always encouraged us to push our boundaries, to not be limited by our preconceived notions of our academic strengths and weaknesses," said Davis.

Dr. Marvin Owninga received the Tuckerman True Award, named in honor of the late Dr. True, Gould Academy teacher, headmaster, and friend.

Presented occasionally to a citizen who has consistently demonstrated the ability to inspire people to achieve their highest potential, the award was given to Owninga by Keavy Cook '95, who now attends Williams College.

"I feel especially honored to be able to present this award because this teacher played a special role during my four years at Gould," remarked Cook. "He encouraged

Gilead to hold special meeting

GILEAD--A special Town Meeting is scheduled for Saturday, Oct. 7 at 7 p.m. at the town hall to act on three warrant articles. One article proposes changing the town's Shoreland Zoning Ordinance river setbacks from 250 feet to 75 feet, according to administrative assistant Beverly Corriveau. Another is at the request of the town's auditor, Philip Vigue. Corriveau said the amount of money voted at the annual Town Meeting for the school committee to expend was incorrect. "It did not include \$24,575 to be taken from surplus," she said. The final article, requested by Key Bank, is to clarify the borrowing of up to \$70,000 for the purchase of a new plow truck. That item was also voted on at the March meeting. A special selectmen's meeting to sign paperwork on the articles will follow the Saturday meeting.

Riverside Health Center approved

BETHEL--The Planning Board gave unanimous approval last week to a site plan application for the Riverside Health Center on Route 2. Dr. Thomas O'Meara, representing the clinic, said plans are to move a modular medical office building onto a portion of land next to Dr. John Mason's dental office. O'Meara had previously been associated with the Bethel Area Health Center.

Gill trial rescheduled

PARIS--Charles Gill's defense attorney will get another two months to prepare his case for trial after a Superior Court judge granted a motion Monday to move it from October to December. Gill was arrested in December 1994 on 16 charges of unlawful practice of psychology and one charge of theft by deception. Two weeks prior to his arrest he was fired from the Bethel Area Health Center. Portland attorney Peter J. DeTroy noted in his motion that the district attorney's office and Gill were actively pursuing a plea negotiation. He also said that Gill, his attorneys and the U.S. Attorney General's office are involved in discussions on a plea agreement. Gill pleaded guilty last March to one federal charge of falsifying passport information in exchange for dismissal of a second, similar charge.

Farm lending program reorganized

SOUTH PARIS--The farm lending programs of the former Maine Farmers Home Administration were transferred to the Maine Consolidated Farm Service Agency effective Oct. 1. The change is part of the U.S. Department of Agriculture's reorganization efforts. For more than 50 years, farmers who could not obtain credit from commercial lenders used the former FHLA loans to purchase and operate farms, while the former Agricultural Stabilization and Conservation Service administered the farm programs. All farm programs will now be administered by the CFSA.

Vermont ski areas expanding

WARREN, Vt.--Sugarbush Ski Resort's \$28 million construction project this fall is by far the biggest ski expansion in Vermont. It may be the biggest single-season North American expansion ever, according to chairlift manufacturer Doppelmayr. The project is about half the total being spent by Vermont resorts this year. A few months after finishing one of the most disappointing seasons in recent memory, the ski areas are in the midst of a building frenzy. Besides the work at Sugarbush, Stratton is installing the first six-person chairlift in the East; Killington is cutting 75 acres of new back-country skiing; and five other resorts are adding at least one new trail to their mix. Practically every resort is doing something -- adding a chairlift or trail, improving snowmaking, or buying new snowmaking or grooming equipment.

Moose count goes high-tech

NEW HAMPSHIRE--The effort to keep tabs on the number of moose in the state is going high-tech. The New Hampshire Fish and Game Department will combine airplane flights with temperature-sensing equipment to try to get a more precise estimate of the moose population. The temperature-sensing device is known as Infrared Thermal Imagery. It displays differences in temperature on a screen. It is powerful enough to show lines, so the operators can see the lines of a moose or bear. Officials hope they will get a more accurate count than is possible by current methods of sightings and car collisions.

Zero-tolerance law in effect

AUGUSTA--Underage drivers who have any measurable amount of alcohol in their systems will have their licenses suspended for one year under an amended law effective Sept. 29. Commonly referred to as the Zero Tolerance Law, it allows a police officer to require a breath test from a driver under 21 years, if the officer has probable cause to believe the driver has been drinking. If the driver refuses the test or the test reveals a measurable alcohol level, then the Secretary of State has the authority to suspend his or her driving privileges for one year.

Duck hunting season dates

SYDNEY--Dates for this year's duck hunting season have been set by the Department of Inland Fisheries and Wildlife. The southern zone will have a 50-day split season (management units six through eight). The dates in the southern zone are October 2 to October 14, with no black ducks for the first seven days. The late season runs Nov. 15 to Dec. 21. There is a four-duck daily limit for the entire season, including one black duck per day after the first seven days.

Clearcutting referendum sought

AUGUSTA--Clearcutting is an "ecological disaster" that needs to be stopped, according to Maine Greens Party leader Jonathan Carter. The party has launched a petition drive to force a statewide referendum on whether to ban the practice. "Since 1980 clearcutting in Northern Maine has totalled close to the size of Connecticut," Carter said. The proposal would allow foresters to remove only one-third of the fiber from the woods over a 15-year period. It would also bar the opening of a forest canopy by more than a half-acre. The rules would apply only in the 10.5 million-acre jurisdiction of the Land Use Regulation Commission. Under the present law, the largest clearcuts allowed -- only with special permission -- are 250 acres. Bill Vail of the Maine Forest Products Council said that while clearcuts are "aesthetically displeasing," their ecological impact is negligible, and the number of clearcuts has dropped recently.

Mountain lion on tape

EAGLE LAKE--An Allagash Waterway ranger last week videotaped what he believes is a mountain lion. Dean Wiggin filmed the animal while he and a companion were ferrying supplies across Eagle Lake. The cat was swimming in the lake. While Wiggin says he has no doubts it was a mountain lion, officials at the Department of Inland Fisheries and Wildlife say the tape is not conclusive. Mountain lions officially disappeared from Maine in the 1930's, but recently there have been a flurry of reports of possible sightings.

Maine fish weirs 5,900 years old

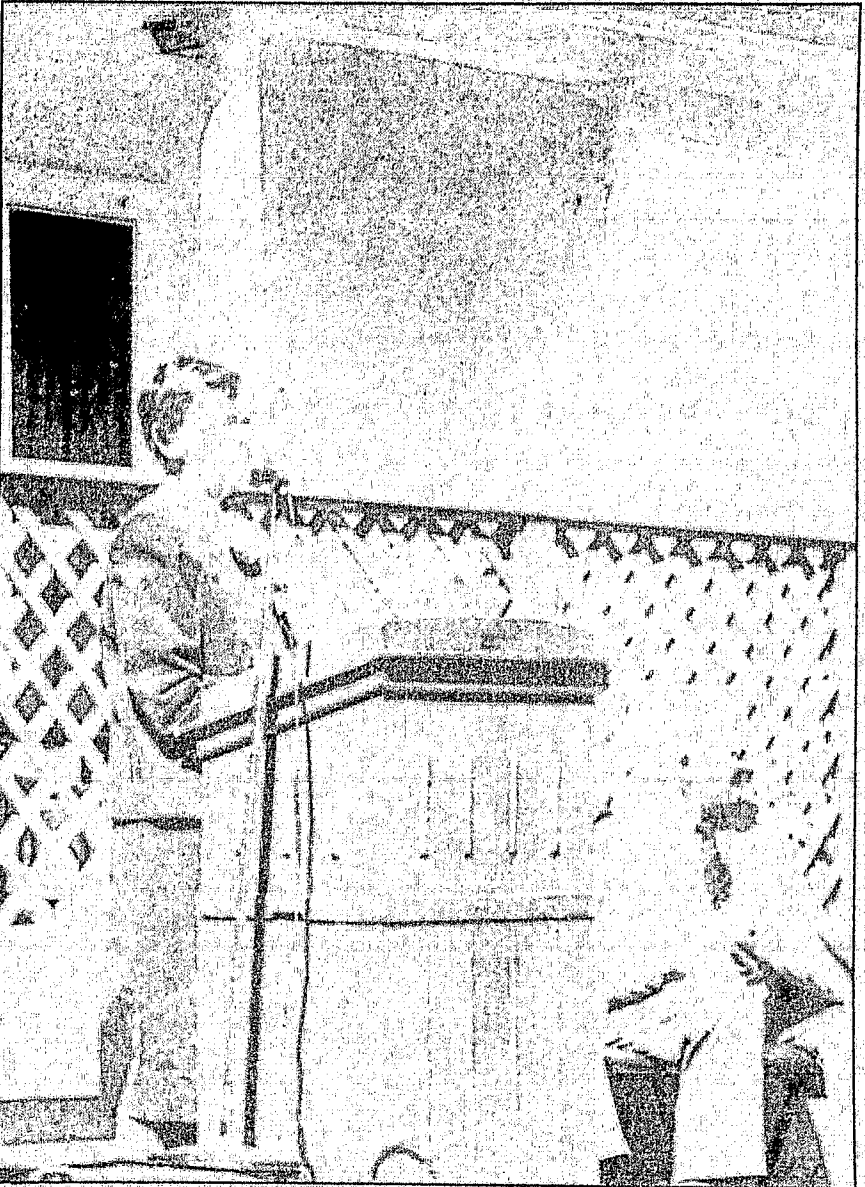

PORTLAND--A large fish weir along the banks of central Maine's Sebasticook Lake is believed to be at least 5,900 years old. Initial tests had shown it to be about 5,100 years old. The well-preserved artifact shows Maine's earliest inhabitants led much more complex and socially evolved lives than 20th century Mainers give them credit for, according to University of Maine at Farmington archaeologist Jim Peterson. In addition to stakes sticking out of the lake's mud that are part of the prehistoric Indians' weir, archaeologists have found two stone tools apparently used to build the fish trap, and a piece of a birch-bark basket laced with spruce root stitching. Tests indicate that the basket fragment, at least 2,300 years old, is the oldest evidence of a birchbark container ever discovered in the Northeast.

me and continues to encourage others to think more, to question more, and to give of oneself." A loyal friend to the school for three decades, Dr. Donald M. Christie '60 was also honored as Gould's alumnus of the year. Dr.

Christie is a trustee of the Academy and chaired 1995's Reunion Annual Giving Campaign which raised \$155,000, a triple match of the E.E. Ford Foundation grant received last year.

ALUMNI REMEMBERED--Margaret Joy Tibbetts '37 delivers a speech remembering the Park and Mason families during Gould Academy's dedication of the Park-Mason Alumni House on Saturday.

From the Bethel Police log:

Cyclist gets illegal lift

On Sept. 29 at 11:15 p.m. police observed someone on a bicycle in the parking lot of Mother's Restaurant being towed by a pickup truck. When the officer told the subject it was illegal, he became uncooperative and belligerent, saying he was on private property and police could do nothing. The officer informed the subject that police authority does extend to publicly accessible property. The subject's attitude continued to deteriorate. Another officer spoke with the operator of the truck, who denied he knew the subject was hanging on the side of the vehicle. The subject was released with a verbal warning.

Wednesday, Sept. 27

At 10:40 p.m. a Clark St. resident reported hearing what sounded like fighting in the rear parking lot of the Sudbury Inn. When police arrived all was quiet. The resident said that just prior to the arrival of the police, two vehicles left the parking lot at high speed, and it was quiet after they left.

Saturday, Sept. 30

At 12:45 a.m. police responded to the Backstage Restaurant for a disorderly man who was very upset. He and his sister had apparently been having a feud regarding how she is raising her children. She left, and he left after saying he was going to "finish this" at the Bethel Park Apartments. He was warned not to go there.

At 1:51 p.m. a Bethel Park Apartments resident called reporting the Backstage subject was there causing a problem and refusing to leave. On arrival two officers directed him several times to leave. They then arrested him. Dana "Buster" Bean was charged with assault, disorderly conduct, and criminal trespass.

At 1:03 p.m. a Route 26 resident reported someone had broken the lock on an outside shed and entered it, removing some items and placing them on the lawn. It was unknown if anything was taken. The complainant wanted the police aware of the situation.

Sunday, Oct. 1

At 6:32 p.m. a caller reported hearing loud music coming from the Sunday River Brewing Company. The complainant lives across the river and said he could hear music from his residence. Police spoke with the manager, who said he had an outside entertainment permit. By that time the band was finished and there was no more music.

This report highlights points of interest from the Bethel Police Department log, but does not include all reports of police activity. To reach the Bethel Police Department, call 911 in emergency situations, 824-3437 in non-emergencies. An answering machine takes calls when an officer is not in the office.

WORTH \$36,000?—The Oxford County commissioners think not, and recently lowered the assessment on Edward Brennon's old house in Upton by more than half. Brennon said the building, located on Route 26, has been broken into and ransacked inside. "It's in as rough shape inside as outside -- maybe worse," he said.

Upton Assessor

Continued from page 1

and an inspection in Upton on Aug. 3.

"Like a circus"

Commissioner Fredric Kennard said last week he was surprised at town people's interest in that meeting.

"It was a big event, like a circus. I'd never seen that number of people for an abatement hearing. It was like a town meeting. Usually there's not much interest," he said.

Kennard was also surprised at the condition of the house.

"It was unbelievable. I wouldn't keep my dog in it. I didn't really care to go in it. The floor was rotted out. It was unlivable," he said.

The house was built in 1875, Brennon said. It currently has no electricity, but does have running water and a septic system.

"The [assessor] didn't take depreciation into account in the assessment," Brennon said.

The commissioners also voted to correct town tax records on two other Brennon properties. A 21-acre parcel had been listed and taxed as 29 acres, while a 50-by-100-foot lot had been taxed as an acre.

Thompson said Letourneau told the commissioners at the hearing that the 29-acre listing was a computer error, but he gave an explanation of the error on the smaller lot.

Brennon said records from 1990 show correct dimensions for the 50-by-100-foot property. But he said, in 1981 the town records showed the lot as an acre.

Tax liens placed on property
Brennon said that during that time

the town had taken his properties away from him for failure to pay taxes on time.

The case eventually went to court. Brennon said the ruling was made to return the properties because of procedural errors related to the tax liens on the parcels.

"The change in the 50-by-100-foot dimension happened when the property was returned," Brennon said.

He said the incorrect 29-acre figure appeared when new tax maps were drawn up in the early 1980s.

Regarding his relationship with Letourneau, Brennon said there has been animosity between them since they served together as selectmen in the early 1970s.

Letourneau's reply

Letourneau said he disagreed with the assessment, but declined to reduce the value of the house.

"I could really reduce the number in that house at greater than \$10,000," he said.

Letourneau said the town's initial assessment was done by a "certified Maine assessor," and "all the buildings in town have been valued consistently since then."

On the larger parcel, Letourneau said, "There's more to this than a \$4,000 assessment. But, he wouldn't elaborate."

Letourneau said he plans to write the county commissioners, but wouldn't specify what he would say.

Town assessment "a mess"
Thompson said there are other as-

sessments in town that need correcting.

"The whole town needs reassessing. It's a mess. But we'd need an appropriation from the taxpayers, and I don't think they'll do it," he said.

because...

Continued from page 1

also used their creativity at the other end of the process.

They came into the office and spent four full days reviewing assessment schedules, so they could build the tax-wise cheapest, but still comfortable dwelling. And they did it," he said.

Brown added the couple got many of their building materials from the old town dump.

"You have to give them credit," he said, "for being proactive."

Bethel hearing

A public hearing will be held Oct. 16 on the creation of a Bethel Airport Authority (Citizen, Aug. 3), proposals to lower the speed limit and eliminate on-street parking along a section of Route 2 (see photo, page 5), and on the school-budget referendum proposal.

Voting on these issues, as well as on \$135 million in proposed state bonds, will take place on Nov. 7.

The public hearing will be held in the Telstar auditorium and will begin at 7 p.m.

OUTERWEAR NEEDED

The West Paris Branch of Oxford Bank is asking anyone who wishes to drop off unwanted outer clothing at the bank in West Paris during banking hours anytime in October. On Saturday, Nov. 11, the bankers will join the Agnes Gray School Volunteers for an open house at the school gym where anyone, children or adults, may select any garments or footwear available. Community Concepts loan aids West Paris businessman

"The recent loan from Community Concepts, Inc. gave me the ability to get my business started," says Marc E. Rainey, owner of Full Circle Enterprises in West Paris. His company provides a full range of off-road transportation services using its 4-passenger, 6-wheel ATV (all-terrain vehicle) amphibious MAX IV. The company also repairs small engines.

Rainey obtained approval for his loan of \$10,400 in June of this year, with actual financing in July. This followed more than a year of persistent work with Community Concepts staff on developing a business and marketing plan. "It was a real education," says Rainey, "learning to know what you're getting into and proving it not only to them, but to yourself -- and understanding any drawbacks."

"He just kept coming back, showing he was serious," says Walter Riseman, business specialist of the Micro-Enterprise Center of Community Concepts. "He was persistent, and convinced us it was worth taking a chance," he added. The Center has financed a variety of new businesses such as a lawn-mowing service, a long-haul trucking business, a line of handmade ornaments and numerous quality day-care centers.

Full Circle Enterprises provides a range of services that bring business throughout Maine's changing seasons on a year-round basis. Rainey's 6-wheeler can haul hunters, fishermen and other sportsmen as well as campers to remote, hard-to-reach areas, and can haul ice-fishing shacks onto lakes. In bad weather he can transport personnel from telephone or electric companies to hard-to-reach

spots where service towers may be trouble spots for outages. If a woodsman's skidder breaks down in a remote area, Rainey can haul in any parts needed for repair. The service can also provide simple pleasure tours, or can provide essential travel help for those with age or health related problems. In case of fire or search and rescue needs, the ATV can be at service. It has three water tanks and pumps to fight fire.

In moose or deer hunting season, Rainey can haul out game. "I believe winter time will be good, because that's when people have trouble getting around. And I'll have the ability to get them there," says Rainey.

Rainey's business is growing in this short time even with minimal advertising and publicity, and he is attracting out-of-state customers, who, he says, call him. He has produced flyers and business cards, but claims that the best advertising is by word of mouth. Rainey can be reached at 674-5443, by cellular phone at 743-3434, or at 59 Tuell Town Road in West Paris.

Community Concepts, Inc., is a community action agency that is looking forward to the 30th anniversary as a nonprofit, community based organization in Androscoggin and Oxford counties. Our mission is "to help people in need build opportunities for a better tomorrow."

An all-volunteer Board of Directors establishes policy and provides program direction. Community Concepts is one of 980 community action agencies in the United States. Community Concepts is a United Way agency with offices in South Paris, Auburn and Rumford.

NO PARKING PROPOSED—The Bethel Board of Selectmen will hold a public hearing Oct. 16 on a proposal to ban parking on the shoulders of Route 2 between the cloverleaf and just beyond the Irving station in Mayville. A related proposal calls for lowering, from 45 to 35 mph, the speed limit between the Androscoggin River bridge and the Irving station. The proposals are at the request of the town Planning Board and business owners along the stretch of road. "It's becoming a freeway out there," said John Cheney, owner of the Norseman Inn owner. Cheney said he was especially concerned about the danger posed by trucks parked along the road -- which force motorists pulling out of driveways to edge out into the traveled way in order to see the oncoming traffic. The business owners in the area have all signed a petition requesting the change, and have written the town selectmen and the Maine Department of Transportation, Cheney said. The changes must be approved by MDOT, but that approval is considered likely if the selectmen request it.

NEW BETHEL CITIZEN ADVERTISING ASSISTANT
Pauline Ouellette (left) has recently joined the Advertising Department of The Bethel Citizen. Ouellette will work closely with customers and staff in telemarketing and classified advertising, according to advertising manager Karen Hakala. Ouellette has a strong customer-service background, having most recently worked for 12 years for Motorola Codex of Massachusetts. While with that company she completed a bachelor of science degree in business administration. Ouellette and her husband, David, moved here in June from North Attleborough. They live in Newry.

TAX PREPARERS NEEDED

The American Association of Retired Persons (AARP) is recruiting local tax-aide counselors to help make tax preparation less taxing. Counselors provide free income tax preparation assistance to older and low to moderate income taxpayers.

"Tax-aide counselor training, certified by the IRS, will be conducted in January. Counselors will be expected to serve at least four hours a week helping others prepare their tax returns," said Richard Peer, the tax-aide district coordinator for Maine.

"Tax-aide had 225 counselors who helped over 12,000 people last year throughout Maine, but many areas still aren't being served," said Peer.

For information about the program, write to Tax-Aide, 12 Marion Drive, Hampden, ME 04444, or call 862-6110.

THE HOME CIRCLE.

Pleasant Evening Reveries—A Column Dedicated to Tired Mothers as They Join the Home Circle at Evening Tide.

As a Girl Sees It.

Dear Editor:—Will you permit one of the girl readers of your paper to occupy a little space in your highly appreciated Home Circle department? I will begin, girl-like, by asking a question. Has no one seen a good girl lately? Are girls now-a-days much worse than those of yore? The average newspaper would make you think so. Every journal (your own excepted) which I pick up has one or more columns devoted to things against women, until I have become frightened, and find myself wondering if I, too, am one of those dreadful creatures. And are those articles written by men? If so, they must be men without homes or families, who have mixed with a debased class of society. Surely no honorable gentleman would pen an article such as we daily peruse, denouncing all the gentler sex as extravagant, jealous, faithless, nay, even immodest, and no home to receive the kiss of a dear wife or meet the innocent eyes of a bevy of sisters or daughters. These articles sow the seed in the minds of young men, for thoughts and feelings that would never have risen there without teaching. Now I am young, and am worldly wise, at least yet I have had my little experience, and I must say that I have met with many pure, good women, kind mothers, loving wives, dutiful daughters, affec-

tionate sisters; women who are not for ruining their husbands or fathers by extravagance; who are not falling in love with every handsome man they see; who are not eloping every day with the family physician or husband's friend; but sensible in every respect. And I have met very good men. I regret it, I do not wish to speak against the men, for I rather like them and am willing to say that my experience has been, perhaps unfortunate. I am inclined to believe that as in all ages there has existed noble men, "faithful in love, brave in war," so they still may be found—faithful in love (when there is plenty of money)—brave in war (with a major generalship ahead), and pretty good, usually, when the skies are serene and they have nothing to cross it. And now I claim a champion. Will not some one be brave enough to stand in opposition to popular opinion, and truthful enough to say to the public that he has seen at least one or two real good girls in the course of a year? If such a one can be found I will thank him warmly, and will think that honesty is not yet extinct from the race of men.

Now, Mr. Editor, if this, my first attempt at newspaper writing does not find the waste basket you may hear from me again.

Very truly,
Elizabeth Jane.

Kellie Hart, Jessie Hart, Linsey and Jennie Record along with myself attended the annual Bridal Show, put on by Margo's Fashions, at the Auburn Mall Saturday and Sunday. Phil and Terry Merrill attended also on Sunday. Sarah Hart modeled some bridal gowns and bridesmaid gowns, along with several others from the Norway area. Jim Gillies modeled tuxedos to be worn at weddings. It was a very enjoyable time and all the models did a wonderful job.

Joan Poland has returned home after spending the week in Mobile, Ala., with her daughter and granddaughter. Becky Chandler had an interesting letter to the editor in last week's paper. The students recognize the cuts in the school budgets long after we forget what is actually cut. Good work, Becky.

Troy Wing received the Reserve Officers Association Award during spring awards ceremony at Norwich University in Northfield, Vt. The award is presented to cadets demonstrating outstanding qualities of leadership and moral character and high aptitude for military service. Troy is a member of the class of 1996 at the nation's oldest private military college. Congratulations!

Emily Phillips came in third in the junior division, Holstein C at the

Eastern States Fair in Springfield, Mass.

October birthdays being celebrated this month are Aaron Bean, Linsey Record, Rosalie Poland, Karon Wing and Laurie Cox. Happy fall birthday to you all. Also my sister Evelyn and husband Jim Dunn are celebrating their wedding anniversary on Oct. 17. They live in Camp-ton, N.H.

Sympathy goes out to the family and friends of Wesley Pierce who passed away this week.

Phyllis Lowe and Hazel Dillingham took Leona Farrington to Littleton, N.H. on Wednesday this week. They visited Sugar Hill Sampler and took in the beautiful scenery. They were gone most of the day and had a wonderful time.

Esther Davis' sister Marion Whittemore spent most of the week visiting with Esther. Mrs. Whittemore's husband died recently. I saw them out walking one day this week. When I was doing grocery shopping today Esther and Vera Buck were also doing their weekly shopping. I always enjoy visiting with Esther.

Quote of the Week: "I've learned that those who wait for something to turn up might do well to start with their shirt sleeves."

Eleanor Nelson

Hi, readers. Albert and Eleanor Nelson have been away from home for 10 days, to Belmont, Mass., and Seaford, Va., visiting their daughters and families. What a difference in the trees here now! They got so pretty in a few days! It's nice to visit but Maine is the place to be. We got to see the

famous Clydesdale horses at Busch Gardens and historic Fort Monroe, Va., among many other places. Now to settle down to work.

The Fox Bros. have been doing carpenter work for Grover Lumber Company. Bob Millett and Pete Fox have been topping out a chimney for Frank Packard.

The Stoneham Volunteer Firemen burned the rest of the building next to Lawrence Dammun's house one day this last week, which makes the lot much better.

Eric Nelson has been helping Albert Nelson do fall cleaning at the cemeteries and hauling wood.

Winfield Adams is in Stephens Memorial Hospital, and he is to have surgery this week.

Bill McAllister is in Northern Cumberland Memorial Hospital in Bridgton. We hope you fellers will get straightened out, be home soon, and feeling better.

The Daughters of Union Veterans of the Civil War meeting scheduled for Sept. 27 at the K.P. Hall did not materialize, as only four showed up. Come on gals -- the next meeting is to be Oct. 25. I will give more details later.

Congratulations are going out to Robert and Jennette (Lee Lee) Rugg on the birth of a son, Dylan Tyler Rugg, born Sept. 20 at Northern Cumberland Memorial Hospital, Bridgton. He weighed 8 pounds, 7 ounces and all are doing fine.

Congratulations are also going out to Richard Wentworth and Brin Bates who were married Saturday, Sept. 23, at Shawnee Peak. Attendants were: maid of honor, Doreen Shugars, sister of the groom, and best man was Patrick McAllister. Others in the bridal party were Lori Rolfe; Heidi McKenzie, sister of the bride; Danny Rolfe; Kevin Barker; Heidi and Heather Shugars, nieces of the groom; and Jacob McKenzie, brother of the bride. It

was a beautiful wedding and reception (also at Shawnee Peak). The happy couple are honeymooning at Disney World and Busch Gardens. John Wentworth was here from Florida to be present for his grandson's birth and his son's wedding.

Walter and Carolyn Heino and Geneva Tripp went to Worcester, Mass., to get Walter's sister, Helen Harvita, on Thursday of this week.

Gladys Kilgore has had some paneling put on her living room. I have heard that it looks real nice.

Hannah F. Richardson Tent No. 19 DUV will meet Monday, Oct. 9, for joint inspection with Bryant Pond Tent. There will be a 6 p.m. supper and silent auction. Stoneham Tent is to bring pies.

CHANCE FOR CHANGE COMMITTEE—Front (from left) Margaret Hand, Martha Grover, Josh Mason, Tim Nickerson. Back: Tammy House, Heather Inman, Carla Harlow, Steve Keane, Carroll Higgins, Ken Nye, Marguerite Graham. Absent: Charles Raymond, Lydia Grover, Justin, Gilbert, Cora Gallagher.

THS takes "Chance for Change"

By MARGUERITE GRAHAM

In the fall of 1994 Telstar High School students and faculty established the Chance for Change Program (CFC) with a mission to discuss and attempt to resolve any problem which prevents Telstar from being a great school.

This year, the CFC student representatives include: Cora Gallagher and Lydia Grover (seniors), Tammy House and Justin Gilbert (juniors), Martha Grover, Tim Nickerson and Josh Mason (sophomores), and Carla Harlow and Heather Inman (freshmen).

Other committee members include three teachers: Charles Raymond, Steve Keane and Ken Nye, one administrator: Carroll Higgins, and one community representative: a position shared by Marguerite Graham and Margaret Hand.

Any student or faculty staff person at Telstar may express their ideas or concerns for improving the school environment by submitting a CFC form to the CFC Committee. During monthly after school meetings the committee reviews each issue, researches school and state regulations (and reasons for those regulations) and assigns committee members to

personally deliver committee recommendations to the concerned student/faculty member(s).

These recommendations either help effect change or outline the reasons why change may have to come about slowly, or not at all. For example, two students wrote to the committee because they were concerned about the soda machines being shut off during the school day.

In considering this issue, the committee found that there is a state mandate which prohibits soda machine use during school hours for schools which receive state subsidies for hot lunch.

Another group of students addressed the committee with concerns about the 15 minute homeroom period, and a team of student and faculty committee members made a presentation about this issue at a faculty meeting.

During the 1994-1995 school year, the committee reviewed 50 CFC forms.

This year the committee has already convened twice to address concerns such as strobe lights at school dances, senior privileges, and a request for the entire student body to attend the yearbook dedication.

Agnes Gray School

by Marta Clements

A program of interest to all parents will be offered by Greg Grigsby, our Elementary

School Counselor. He will be leading a five-part discussion group entitled, "Preparing for the Drug-free Years."

This is especially for parents of elementary school children. The focus will be on learning to identify the risk factors associated with teenage drug abuse and practicing skills which will reduce the risks, and promote family bonding.

Both parents of a two-parent household are encouraged to come. There will be babysitting available for a small fee. That would be the only expense.

The group will meet at the Agnes Gray School from 6:30 to 8:30 p.m. on five Mondays, Oct. 16 through Nov. 13. Please call the school if you are interested, or if you would like further information.

Our first Parent Volunteer meeting has come and gone, but mark your calendar for Tuesday, Oct. 10. That will be the second meeting of the year. This group is going to focus on fund raising this year to continue improving our playground, and have an ambitious schedule lined up already.

All children have taken home their catalogs and information from Cherrydale Farms. This sales campaign should be wrapped up within the next two weeks.

The annual Halloween party will be held in the gym on Oct. 31, and is sponsored by the Parent group.

Due to the success of last year's picture taking fund raiser, Al McKern, of school picture fame, will be at the Agnes Gray School on Saturday, Nov. 4.

KEEP US IN MIND

The first time of year when your local Rotary Club meets is gathering funds for our annual auction. The proceeds of all of our efforts go to support such projects as the Bethel Citizen Christmas Dinner, Christmas Food Bank, for the needy, student scholarships, support of the local health facilities, summer camp for kids, area children's expenses, disabled children's needs, etc.

Make clearing the garage, attic or cellar, or a group of these, or needed items for you. Call Roger Grant, 824-2131, or 824-2269 for pickup.

Help us with your support of our projects. It's a good feeling!

TRACK CHALLENGE--Doug Wilson, president of Western Maine Mountain Jeepers, is issuing a challenge to area businesses and other organizations to help fund a new track at Telstar High School. Wilson donated \$250 on behalf of the Jeepers toward the project. According to SAD44 Superintendent Ron Jenkins, Phase I of the track has been completed, with the clearing, leveling, seeding, and mulching of the site behind the school. Money is now needed to proceed with actual construction. Here, Wilson presents a check to Track Boosters' president Sarah Craig. The track site can be seen in the background.

SCOTLAND TRIP PLANNED

Ann Morton, who has organized and led trips to Europe for area students and adults for the past 20 years, has announced plans for a 10-day trip to Scotland that will include city tours of both Glasgow and Edinburgh as well as trips to Loch Lomond, Glencoe, Isle of Mull, Isle of Skye, Loch Ness, Inverness, Dundee, St. Andrews and Balmoral Castle. The trip is scheduled for April 13 to 21, 1996, during public school spring vacation.

This year, instead of traveling with an educational tour group that specifically plans tours for students, Morton is working with a local travel agency to plan a trip with first-class hotel accommodations,

full Scottish breakfasts and a few more amenities than traditional educational tours offer. For more information, call 369-9996 evenings.

BETHEL REPUBLICANS

The Bethel Town Republican Committee will meet at 7 p.m. on Wednesday, Oct. 11 at the Crescent Park Elementary School library to choose delegates to attend the straw poll.

The 18 delegates elected will be able to go to the straw poll on Nov. 5 to hear, in person, most of the Republican presidential candidates and then vote for their choice. The national news media will be paying close attention to this event since, unlike Iowa's straw poll where candidates were able to import supporters, it will be a true test of a candidate's ranking amongst duly elected delegates representing their particular towns.

The event is being billed as the biggest political event in Maine in the past fifteen years. To start things off, U.S. Sen. Bill Cohen will officially announce his reelection bid at a gala event the night before. On Saturday, the presidential candidates will arrive to meet with Maine Republicans face to face. After all of the candidates are given a chance to speak, the delegates will be able to cast a vote by way of electronic voting machine so that the results will be immediately tallied. For more information contact Town Chairman Carl Hansen at 824-4024.

HANOVER GOP TO CAUCUS

The Republican Town Committee of Hanover will hold a caucus at the home of committee chair Richard Burns on Friday, October 6, at 7:30 p.m. At that time, delegates will be elected to attend the straw poll scheduled to take place in Bangor the first weekend in November. All Hanover Republicans are urged to attend.

Miss Hathaway graduated from Kennett High School in Conway, N.H., and the University of New Hampshire in Durham, N.H. She is employed as a music teacher at St. Thomas Aquinas High School, Dover, N.H.

Mr. LaForce graduated from Goffstown High School, Goffstown, N.H., and the University of New Hampshire. He is employed as a music teacher at Oyster River High School, Durham, N.H. A Feb. 17 wedding is planned.

Mr. & Mrs. Carl Taylor

On Sept. 16, at 11 a.m., the Upton Union Church was the site of the marriage between Carolyn Curtis Hill and Carl Edward Taylor. The celebration was officiated by Jane Rich, lay minister of the United Church of Christ in Andover. The couple will reside in Springvale, where Mrs. Taylor will continue working for Carleton Mabey, D.D.S., and Mr. Taylor will continue to work in Portland for The Greater Portland Transit District.

The couple were escorted into and out of the church by Mr. Albert Delaney playing the Irish bagpipes and dressed in his native kilt and tartan. The wonderful music filled the small wooden church, and was a most appropriate beginning for a wonderful service.

Joseph and Lucy Morin, of Rumford, were the best man and matron of honor.

Everyone enjoyed the vocal music provided by Mrs. Heather Hill Ford of Norway and Miss Bethany Hill of Sanford. Their offering of the "Wedding Song" during the service was especially memorable.

The wedding was attended by family and Upton area friends. A covered-dish reception was held at the Taylor's home on Mill Road following the ceremony.

The weather cooperated with a warm and sunny day, which was appreciated by all.

NOTICE to WOODS JOBBERS and CONTRACTORS

For the first time in several years the woods business has slowed. A lower level of sales may make it difficult to meet equipment payments contracted for when sales were high.

The finance companies are, at times, unable to refinance your equipment to reduce your payments. Some of you have several payments that can be better handled on a consolidated basis. Again, if you have loans at different equipment finance companies, they may not be able to consider consolidating your payments.

If you think some relief from high debt service would help your company, our woods oriented commercial lenders would like to talk to you.
